## *Dispersal Sale*

**"The Old Union Stockyards"**

**Thursday, October 6, 1960 at 1 p. m.**

**SPOKANE, WASHINGTON**

To Shorthorn Breeders:

For reasons beyond our control we will have to be out of the country for at least four years. Because of this and much against our will and with deep regret we have decided to disperse the herd.

We have spent seven years hard work and a great deal of money to bring the herd to where it is now. After a period of cut and fit we have a herd of Scotch Shorthorns that is a credit to the breed.

This is a complete dispersal, including the farm, implements and house furnishings. Our herd is in perfect condition as to health and productiveness. Every cow will be sold with a calf at foot or with service date and pregnancy tested by John Stevens, veterinarian, Sequim. All bulls of service age will be fertility tested by the same veterinarian.

There will be one bull and six cows imported from Scotland at a cost of \$20,000. From these six cows there will be two heifers, one summer yearling bull, one heifer calf and three bull calves, all from Bapton Millhills Matador. We were extremely fortunate in being able to get these six cows at the Millhills Dispersion at Perth, Scotland, in 1956. The dispersion was caused by the death of Duncan M. Stewart, the owner. The herd was founded sixty years before that. Into these six cows went the training, experience and large amounts of money that was expended on the herd over that period of time. It was one of the top herds of Scotland and well known the world over. The six families represent the tops of the herd and few of the females were sold until the dispersion. Bapton Cavalier's progeny in the sale is composed of twelve heifers and ten bulls, made up of six whites, eight roans and eight reds, and these calves are outstanding.

Seven animals were being fitted for the shows when we decided to sell. One yearling bull was being prepared for the International and with proper care could go from the sales ring to the show ring.

We could fill a whole page telling you about these cattle and we could not do them justice, you would still have to see them. Truly this is a case of seeing is believing. In this catalogue we will give you a shotgun history of each one so as to better inform you. If you want to improve your herd and are willing to pay the price you will regret it if you do not attend this sale.

Mr. & Mrs. James Brennen

## *Terms and Conditions*

**TERMS:** The terms of this sale are cash. All settlements must be made with the clerk before the cattle are moved. Each animal will be at purchaser's risk as soon as bid off but every care and attention will be given until shipment is made. Cattle will be cared for and loaded on cars or trucks free of charge, but at purchaser's risk of loss or injury. To avoid confusion, please hand shipping instructions to the clerk at time of settlement. Also give exact instructions as to transfer of pedigrees.

**PEDIGREES:** A certificate of registry and transfer will be furnished for all animals and properly signed applications will be furnished for the registry of unborn calves.

**ANNOUNCEMENTS:** Announcements from the auction block will take precedence over matter printed in this catalogue.

**GUARANTEE:** As this is a complete dispersion there will be no guarantees. The information that has been furnished regarding production records, service dates and calving dates will provide evidence that the statements made are true and correct.

**HEALTH:** Every Mains-bred female has had a calfhood vaccination for Brucellosis. Every heifer has been pretested and vaccinated. All the breeding cows and bred heifers have been checked by Dr. Stevens of Sequim for pregnancy. Calving dates and service dates will be announced and corrected from the auction stand. To the best of our knowledge, breeding dates printed in this catalogue are correct as of the date of printing.

**LIABILITY:** The above terms and guarantee will constitute a contract between the Mains Farm, the seller, and the buyer of each lot. Neither the Sale Manager, the persons delegated as clerks nor any other person has authority to alter the terms of that contract nor do any of them assume any liability, legal or otherwise. Although every precaution will be exercised to protect the safety and comfort of guests of the sale, neither the owners of the Mains Farm nor any of their representatives, nor auctioneer, nor clerks, nor sale manager, can assume any liability for accidents.

**SHIPPING:** We insist that the cattle be moved as soon as possible but we offer every assistance in shipping.

**IMPORTANT:** Please hand all shipping and transferring instructions to our clerk as this will avoid confusion and errors following the sale.

#### BAPTON CONSTRUCTOR

Purchased for \$50,000 from Bapton by Louada Farms, Peterborough, Ontario. Without doubt, one of the greatest Shorthorn sires of all time. Sire of the 1958 International Grand Champion bull and female, first prize get, and many other tops. His sons have sold as high as \$30,000. This great bull is by Calrossie Constellation, making him a half brother to our Bapton Cavalier.

#### BAPTON CAIRNBROGIE

Topped the 1957 Perth Sale at 7,000 gns., going to A. R. Cross, Midnapore, Alberta. Shown winning the Grand Championship at Calgary, 1958. Used before leaving Bapton, one of his calves in Scotland was the 1959 Perth Supreme Champion, Bapton Daily Express. His first sons won the best group of three bulls award at the Calgary Sale, 1960. He was also sire of the junior champion and first get at the 1960 Calgary Show. Bapton Cairnbrogie is a full brother to Bapton Constructor and a half brother to our Bapton Cavalier.

#### CALROSSIE CONSTELLATION

(396200), red, bred by John & D. P. MacGillivray. Calved 1st March, 1953—sire, Calrossie Welcome (368471); dam, (318937) Calrossie Flossy Beau by Kirkton Baronet (335904). Purchased at Perth in 1954 for 5600 gns. Undoubtedly one of the best sons of the world-renowned Calrossie Welcome, and his dam is perhaps the best female by Kirkton Baronet at Calrossie. His first bull calf, Bapton Constructor, was sold to Louada Manor Farms, Ontario, Canada, for the record price of 15,000 gns. His sons, in 1956, averaged over 5000 gns., and twelve sold to date in 1957 have averaged over 2600 gns., including the top price at Perth in 1957, Bapton Cairnbrogie, sold to Mr. Sandy Cross, for 7000 gns., thus making Calrossie Constellation the second top breeding sire of 1957. Here is the impressive list of some of his sons sold to date:—prices in gns. Bapton Constructor, 15,000; Bapton Cairnbrogie, 7000; Bapton Copyright, 4100; Bapton Connoisseur, 4000; Bapton Captivator, 3800; Bapton Cognac, 3500; Bapton Champagne, 2500; Bapton Craftsman, 1800; Bapton Chieftain, 1400; and Bapton Contrast, 1000. This Floss family at Calrossie has produced such famous sires as Calrossie Silver Wedding; Calrossie Good News; Calrossie Highland Welcome; Calrossie Supremacy; Calrossie Supreme, and many others.

#### CALROSSIE WELCOME

(368471), red roan, bred by John & D. P. MacGillivray. Calved 13th February, 1948—sire, Calrossie Harmony (344256); dam, (263052) Augusta Laura by Cruggleton Perfect (303904). Grandsire of Lot 1. He was reserve senior champion at Perth in 1949, and later in the year was supreme champion at the Royal Highland and Royal English Shows. He has been one of the most outstanding stock bulls of recent years. His sons have aggregated over £130,000, and include two Perth Champions. Not only has Calrossie Welcome proved an outstanding breeder, but his sons are carrying on that great tradition both at home and overseas. In Canada and the U. S. A., Calrossie Armada, Calrossie Perfect, Calrossie Highland Piper, and Calrossie White Emblem are the top breeding sires. In Australia, the 1955 Perth champion, Calrossie Paramount, sold to Kyalla Pty. for 8500 gns., and at home, Calrossie Crocus Count, Calrossie Hyperbole, Calrossie Highland Monarch, Calrossie Constellation, and many others, are right at the top of the breeding sires list. His females, at Calrossie and elsewhere, are equally outstanding. Calrossie Harmony (by Glastullich Fortress) won 1st prize at the Royal, 1947. Cruggleton Perfect, too well known to need any comment, was one of the greatest sires ever produced in that famous herd.

#### KIRKTON HERCULES

(381696), white, calved 22nd February, 1950, bred by the late Mr. K. P. MacGillivray—sire, Kirkton Baronet (335904); dam, (318953) Rothes Carlotta by Naemoor Marshal (345049). Reference to Sire of Dam of Lot 1. Kirkton Hercules was an outstanding sire of the Bapton Herd. His females have tremendous character, and are offering to be grand breeders, having produced such notable bulls as Bapton Roan Robin, junior stock bull in the Bapton Herd; the 4000-guineas Bapton Connoisseur; the 3000-guineas Bapton Clanroy; the 2200-guineas Bapton Cavalier; the 1800-guineas Bapton Chieftain; and also the 3300-guineas, record-priced female, Bapton Crocus Lita. Kirkton Hercules was the sire of Bapton Aurora, sold for 5000 guineas, whose three sons won the Pittodrie Cup at Perth in 1957, and included the supreme champion, Bapton Controller. Three of Hercules' daughters won the Duthie Prize at the Royal Highland Show in 1956.
